

Stanley Wong Kah Leong

Training Profile of Stanley Wong

◆ GST Essentials and Challenges ◆ GST System Changes Management ◆ Buzan Mind Mapping Training ◆ Essential Project Management Skills ◆ System Implementation Life Cycle

Brief Summary

Stanley Wong is a licensed GST agent. He is also a chartered accountant and a member of Malaysian Institute of Accountants and HRDF certified trainer. Being a regular speaker on GST, Stanley delivers training courses on GST mechanism and GST System Changes; focusing on GST risk, governance and review, audit and compliance perspective. He is contributing to GST Malaysia community by addressing tricky GST subject matters and pitfalls via intensive research and written articles in this web site.

Stanley is a Project Management Professional; he started his career as an accounting professional before venturing into the IT industry as a software consultant specialising in accounting solutions and implementation on a regional basis. His experience included a stint with a regional insurance company, handling its Asia Pacific finance systems. Stanley holds a MSc in IT specialising in project management, and he has over 21 years of experience in financial system management.

Stanley is a ThinkBuzan License instructor that specializes in business mind mapping. He attended ThinkBuzan's accredited course in Dubai and accredited by Tony Buzan, the inventor of Mind Mapping. Stanley is a HRDF certified trainer since 2013.

Stanley is the founding director of SW Project Consulting Sdn Bhd. He set up SW Project Consulting Sdn Bhd as his training and project consulting arm. SW Project Consulting Sdn Bhd is a registered training provider under HRDF.
